

# SERIES 7<sup>+</sup>

Battery Operated Compression Tool

## S7G-M250M

Apply for various type of attachments

Crimping on terminals

Hex. Compression on terminals

Cable Cutting

Perforation on Angle Bar

Mass production model will be Black/Gray Housing color.

### Specifications

Function	Crimping, Compression Cutting Punching
Output Force	127kN
Crimping Range (Indent unit)	14-200mm <sup>2</sup>
Compression range (Hex. Compression Unit)	8-200mm <sup>2</sup>
Cutting Range (200AT-50YC Cutter unit)	Up to 50mm OD 600V-CV (500mm <sup>2</sup> )
Punching Rang (200AT-AP18 Punch unit)	Max 17.5mm Hole On 6mm Angle Bar
Battery Voltage	Makita 18V
Battery Capacity	3.0Ah, Li-ion
Charging time DC18RC	22 min.
Applicable working temperature	0 to +40 degree C
Size	346*279*82 mm
Weight with MAKITA 18V 3Ah battery	4.7 kg with battery

# Applicable Makita Battery and Charger
